### Scholarship for Master's Degree

**Closing date for applications is 31 MARCH 2021.**

The CLS Lebanon Scholarship is offered to students seeking a Master's degree in the humanities and social sciences.

*The areas of study are broadly defined by the social sciences, with application to Lebanon's own needs. These areas can include all disciplines capable of shaping public policy towards health, education, and the environment and their associated legal rights. To the extent possible they should be aligned with CLS's own present priorities, which are those of social protection overall. Currently, we are focusing on (i) unions and social movements;(ii) social protection;(iii) injustice in education; (iv) disability studies and (v) mental health but are open to other disciplines contributing to the aims of social protection and public benefit.*

CLS aims to part-fund scholarships. Exceptionally, CLS may provide full funding.

**Scholarships** are offered to undergraduate students graduated from a university in Lebanon and that have demonstrated excellence in their studies, to enable them to pursue their graduate studies.

***Students must have received acceptance for their Master's studies.***
